He Saw Past Calvary

**How Jesus Suffered
And tearfully prayed
In a garden of darkness
Where He was betrayed**

**Spit on and beaten
Mocked with a crown of shame
All while a world of sin
Weighed down on him
Our Lord endured for there was no other way**

**He saw past...Calvary
He saw past...tomorrow
The victory was His to win
Overshadowing sorrow
He looked beyond agony
On through eternity
For every man woman and child
He saw past Calvary**

**Accused and convicted
A lamb without plea
His only thought was forgive them
For they just do not see**

**And though He was innocent
The crowd cried crucify
He gave his perfect life
As sacrifice
Al..le..leu..iah praise his Holy Name....**

**For...He saw past Calvary
He saw past tomorrow
The victory was His to win
Overshadowing sorrow
He looked beyond agony
On through eternity
For every man...woman...and child
He saw past Calvary**

Past Calvary...Past Calvary

**He saw past Calvary
He saw past tomorrow
The victory was His to win
Overshadowing sorrow
He looked beyond agony
On through eternity
For every man...woman...and child
He saw past Calvary**
